

System Attachments

Designed to secure, guide, and manage cable harnesses through aircraft and vehicles, Amphenol Pcd's System Attachments were engineered with strength, stability, and weight reduction in mind. Designed for lean manufacturing, our System Attachments are rugged and durable - able to withstand high vibration and shock, and non-conductive/non-corrosive - able to withstand many harsh environments. Based on the requirement, there are many styles and materials to choose from.

Applications

- Wire Bundle and Cable Management
- Aircraft Fuel Tank
- Aircraft Insulation
- Hydraulic Tubing
- IFE and Galley
- Instrumentation
- Aircraft Power Distribution
- Weapon Systems
- Oil and Gas
- Radio/Datalink/Antenna/C4I
- Shelter Power Management
- Actuation and Sensors
- Railway
- RF & Fiber Optic Cables
